

## From Lonny and Mary Copeland

I have taken the liberty of sharing several pics, compliments of **Mary and Lonny Copeland**, who weathered hurricane Irma in their home. If these shots are representative of our community, I think we may be in pretty good shape.

They are located at the north end of S Crystal Lake Drive. Close to the 3rd tee, for those less familiar with where everyone's homes are.

As more information comes in I will try to update everyone ASAP!

If anyone has more images to share, please email me at [clceblast@gmail.com](mailto:clceblast@gmail.com) so we can help those folks not on FaceBook to get updated. Thank You Lonny and Mary!!
